

The Fundamentals of Hospice Palliative Care offers:

- ✓ Standardized curriculum
- ✓ Participants representing a wide variety of backgrounds including volunteers, support workers, social workers, pharmacists, chaplains, physiotherapists, occupational therapists, registered practical nurses, registered nurses, physicians, and dietitians.
- ✓ An interdisciplinary group to explore and support each other's role and contributions to enhance the delivery of hospice palliative care.
- ✓ A comprehensive learning and development strategy for the learner.
- ✓ Development of palliative care knowledge through a case-based/learning- through-dialogue approach in the classroom.
- ✓ An interactive, multimedia approach that is firmly based on adult learning concepts and best practices.

"The Fundamentals" course is recommended for all health care providers and anyone volunteering in hospice palliative care.

The Fundamentals program is based on "A Model to Guide Hospice Palliative Care: Based on National Principles and Norms of Practice", 2002

Classes are limited in size.
The number of participants by discipline may also be limited to ensure a multidisciplinary setting.

Registration will NOT be taken over the phone or by fax. Registration forms are to be mailed to the address below and accompanied by a cheque.

Mail registration form and cheque or money order to:

Fundamentals
c/o HNHBC Hospice Palliative Care Network
149 Hartzel Road,
St. Catharines, ON
L2P 1N6

Participants will receive confirmation by email or phone prior to the class start date, all other cheques will be returned by mail.
